Vision

To be a prestigious, internationally recognized University offering innovative and high quality education with a focus on research excellence, ethics, diversity and equality for all: cultural advancement, positive partnerships and collaboration in order to produce world-class leaders in the fields of Science, Technology and the Arts, while emphasizing strong moral and ethical values thus creating professionals imbued with the resources and moral fiber to meet the challenges of tomorrow.
The University of Lahore was established in 1999 with a vision to build a world class prestigious institution offering innovative and high quality education, unique learning environment, state of the art facilities and infrastructure. The University was granted degree awarding status by Government of the Punjab in 2002. Since its inception as Chartered University, dedicated efforts of the Board of Governors, Ibadat Educational Trust, teaching faculty and University management brought it to the level of an internationally recognized university in Pakistan. The University of Lahore has been ranked among the top 550-600 universities of the world and 171-180 in Asian Universities (QS & Times Higher Education Supplement 2012). Moreover regulatory bodies of the Government of Pakistan that is Pakistan Medical and Dental Council, Pakistan Engineering Council, Pakistan Nursing Council, Pakistan Bar Council and Pharmacy Council of Pakistan have accredited its professional programs.

I firmly believe that the universities in the twenty-first century in Pakistan must respond to phenomenal changes unleashed by rapid advancement in science and technology for the economic development of the country as well as the challenge posed by globalization. We are already visualizing the future of higher education in the next millennium. I am confident that UOL will acquire its objective through professional competence, commitment and dedication.

The University of Lahore is playing a significant role in the lives of thousands of young students and graduates of Medicine, Dentistry, Engineering, Allied Health Science, Molecular Biology, Biotechnology, Bio-chemistry, Environmental Science, Business Studies, Information Technology, Computer Sciences, Art and Social Sciences.

I am glad that researchers and scholars of the University are working as a team for contributing towards building up a positive social capital for the benefit of our civil society. We do this by creating best ideas and practices for dissemination amongst students in classrooms and laboratories. I welcome knowledge seekers and professionals to experience the enjoyable and congenial learning environment at UOL. I am sure that you will find desired values in our programs.

The University of Lahore, under the auspices of the IBADAT Educational Trust, has achieved a significant progress in a short period of time by setting up facilities for teaching and research in almost all the disciplines. Established in 1999, The University of Lahore has by now 11 full-fledged Faculties, 24 Departments, 02 Research Centres, 02 Technology Parks. It has teaching faculty of 941 and administrative support staff numbering 1387. Looking at the prevalent educational needs of the masses in the country, it is evident that the Government is not in a position to cater for the population in providing educational facilities, The University of Lahore is thus doing its best to fulfill this gap. At this point of time the University has reached a level where it is setting progressive educational culture. The University of Lahore also pays strong emphasis on research as evidenced by the research grants available to various departments within the University and its investment into dedicated research projects, thus encouraging its faculty to conduct original research and publish research papers. We recognize that years spent in higher education are some of the most formative of an individual's and must be enriched by activities and experiences inside and outside the classroom. The University emphasizes healthy sports and co-curricular activities. With a vibrant culture of student societies and participation through debates & dramatics, the University fosters the growth of leadership and social skills.

In addition to the state-of-the-art class rooms and laboratories, the University provides excellent IT facilities with dedicated computer labs. The University has a fleet of buses, which allows pick and drop facility through to its campuses and around the city. The University also provides transport facility to its faculty. There are two hostels, accommodating 1000 female students, located at the Defence Road Campus of The University of Lahore. The facility features 24 hours security 7 days a week, meeting rooms, social spaces and TV room along with cafeteria and laundry services. High speed internet & Wifi are also available. University wardens & residential mentors manage the facility.

The University enjoys excellent links & partnerships in various areas of knowledge & resource sharing with some of the most prestigious universities of the world. We have in recent years attracted students from Turkey, Palestine, Syria, Jordan, UAE, Somalia, Nepal & Sudan amongst others. Special foreign seats are available in programmes such as Medicine & Dentistry. I am sure that the students at the University find the best return of their money and effort in terms of best educational facilities leading to a prosperous future and enjoyable life.
I have watched with deep interest the progress of the University of Lahore, since its inception in the year 1999. From a recent review of various departments of the University, I am encouraged to see that the quality of education has been sustained by our young and experienced faculty. In the changing scenario of instructional technology, the constructivist theory of learning has become the mainstay of the teaching-learning process. Contrary to this, for a large number of years the students have been treated as passive learners. The integration of tools of technology with education has created a different circumstance in which the learner is an active participant and is thus able to use his creative abilities for problem solving. I am pleased to know that on a fully networked campus, the teachers are making best use of this learning methodology. I believe that if this practice is sustained, then, the University will be able to add substantial value to the training of students in accordance with market needs.

The University has stabilised to a progressive educational culture. After strengthening the teaching-learner process the university is now craving its path in economically important areas of research, especially in the field of Molecular Biology and Biotechnology. The initiation of PhD. programme in this subject is likely to play an important role in the development of specialized human resource in a prospective economic field.

Whereas our teachers are fully involved in the training of students, yet I find a lot of room for further improvement in student-teacher interaction inside and outside the classroom. In a University where cultural advancement is of utmost importance, it is imperative that sufficient space should be provided for extra curricular activities. This aspect should be strengthened by encouraging the students for establishing academic societies. I already see a lot of talent among the students which can be harnessed for such activities. Furthermore, I hope that as we grow, a more intense relationship can be developed between the University and the industry. This is necessary for translation of knowledge into technology.

I see a bright future for the University, and wish the University a great success in the times to come.

Prof. Dr. M. H. Qazi
Vice Chancellor

We at the University are continuously striving for excellence. A dedicated medical education department is the key for such success. For this purpose a faculty has been developed comprising of local, national and international members. The aim is to produce doctors with high moral ethics combined with capabilities of critical thinking, leadership, and research.

The faculty and students are provided with the most modern and well equipped class rooms, lecture halls, and laboratory facilities. The campus has a skill and simulation lab that provides early practical and clinical exposure to students. We are passing through an exciting and challenging times in health care. Faculty members place the highest value on teaching, service, and research as reflected in our work with students.

Health professions are among the fastest growing occupations. UCMD is ready to help meet the demand for health professionals by offering innovative programs that prepare our graduates for society’s health care needs. We believe that our students after graduating will lead the change to healthier, happier communities as the next generation of healthcare leaders.

The medical and dental college programs are recognized from PMDC, HEC & CPSP

I encourage you to explore your interest in health sciences, and to begin your journey by reviewing the UOL website and learn about the many programs available here in other disciplines as well. I invite every eligible candidate to join UOL and together we move toward an exciting new era of health education, research, and service.

Prof. Dr. Shahid Mahmud Malik
Dean, University College of Medicine & Dentistry
University College of Medicine & Dentistry offers an integrated curriculum of Dental Medicine & Surgery to train doctors who will be prepared to practice general dentistry, to prepare foundations for those who want to specialize in various disciplines of Dental & Maxillo-Facial surgery, to produce teachers for next generation and to produce specialists with highest level of competence and professionalism. Emphasis is paid on problem based teaching methodologies empowered with Evidence Based principles to practice. Particular attention is paid to generate research potential by interactive sessions, seminars, journals club meetings and case discussions.

Formative assessments are conducted throughout the academic session to improve the shortcomings identified during session. At the end of the each term summative assessment through professional examinations are conducted by team of internal and external examiners.

Forward looking students who would be dedicated to profession are welcomed to join our program, as we can reassure to produce Dental Professionals who would have holistic approach to the management of patients.

The University of Lahore enjoys excellent links with major multinationals of Pakistan. Students at the University can expect excellent internship and skill development programs during the course of their education and with Student Services Center (SSC) in operation; students can take full advantage of job placement, career counseling and support services.

The University of Lahore has also invested in a number of Technology Park projects such as the Media Technology Park: The Creative Village, a premier facility for professional media content, an Agri Technology park and a Bio Technology park which are central to the growth of a progressive development of our students and the country’s economy as a whole. The University of Lahore also pays strong emphasis on research as evident by the research grants available to various departments within the University and its investments into dedicated research projects and facilities such as CRIMM (Center for Research in Molecular Medicine) specializing in Cancer research.

Here at the University of Lahore, we recognize that the years spent in Higher Education are some of the most formative of an individual’s life and must be enriched by activities and experiences inside and outside the classroom. The University emphasizes healthy sports and co-curricular activities under its Student Representative Office (SRO). With a vibrant culture of student societies and participation through debates and dramatics, the University fosters the growth of leadership and social skills. The students are also imbued with a sense of community service through the Universities extensive disaster relief Program: UOL Relief program where students voluntarily participate in providing aid and facilitation to disaster affected areas of Pakistan.

The University of Lahore enjoys excellent links and partnership in various areas of knowledge and resources sharing with some of the most prestigious Universities around the world in England, USA, Turkey, Iran, Northern Cyprus, Turkey, Thailand, Russia, Sudan, Iraq, etc.
The University of Lahore has THREE Campuses in Lahore, TWO Campuses in Islamabad & ONE Campus in Sargodha

ISLAMABAD CAMPUS

The University of Lahore was established by Ibadat Educational Trust in the year 1999 at Lahore and Islamabad simultaneously. Punjab Government awarded charter to The University of Lahore in 2002. The objective of imparting quality and state of the art technical and professional education has not only been maintained by the professionals serving at the university but measures for continuous improvements are consistently taken. The Islamabad campuses have spread in its educational fields and now provide wide variety of curricula including Management Sciences, Information Technology, Pharmacy and Electrical Engineering, Civil Engineering, Accounting & Finance. Planning for launching additional fields remains an ongoing process.

New Campus

The new campus at main Islamabad highway is spread over 15 acres of area. The facilities like library, student’s auditorium, class rooms, laboratories, Mosque, canteen, dispensary, Playgrounds, faculty offices all have all been catered at the new campus. An administration block has been designed separate from two training blocks for smooth running of the UOL Islamabad campus. We endeavor to provide all possible facilities to students and staff for research and development in various fields of education.

Student Activities

We strive hard to groom future leadership in a manner that apart from education, students are encouraged to take part in co-curricular activities. They are made to organize various functions like seminars, carry out public speaking, involve themselves in group discussions, present their projects and participate in sports competitions.

Boarding, Lodging & Transportation

The university has hostel facilities near to New Campus at main Islamabad highway. Separate hostels for male and female students are being provided. Strict security arrangements have been created. An administration block has been designed separate from two training blocks for smooth running of the UOL Islamabad Campus. We endeavor to provide all possible facilities to students and staff for research and development in various fields of education. The Islamabad Campus has an independent bus & coasters fleet to facilitate the Students.

SARGODHA CAMPUS

Since its establishment in 1999 as a degree awarding institute “The University of Lahore” (UOL) has always been at the forefront of innovation. In a short time span it has played a proactive role in shaping and accelerating the modern day Higher Education scene in Pakistan. The Sargodha Campus has spread in its educational fields and now provides wide variety of curricula including Management Sciences, Computer Sciences, and English Language and Literature.

The Sargodha Campus at Lahore Road Sargodha is spread over 4 acres of area. The facilities like Library, Cafeteria, Mosque, Playgrounds, Faculty Offices, and air conditioned classrooms all have been centered in Sargodha Campus. The University Management ensures the availability of these facilities to students and Faculty & Staff.
HOSTELS/ACCOMMODATION
Separate hostel accommodation is available for both male and female students at the University. Defence Road Campus of the University features in facility of two hostels for females: Razia Hall and Fatima Hall, for about 1000 students in it. A separate boys’ hostel is also being completed. But avoiding students from any residential inconvenience, UoL has rented two hostels for boys near the campuses. A total of 70 students (boys) are accommodated in these hostels. Facilities provided at both hostels are; Mess, Mosque, Separate TV Room, Telephone, Guest Rooms, Newspapers, Common Room, Computer Room, Electric Water Coolers, High Speed Internet & WiFi, Hostel Laundry, 24 hours Electircity & Security. Wardens are responsible for ensuring the availability of all facilities & management in hostels. Additional housing & accommodation is available in the vicinity of the campuses & is managed by University hostels department.

LIBRARY FACILITIES
The University’s library resources include books, journals and e-books. The University of Lahore currently houses four well equipped libraries with cumulatively more than 31000 books catering to a wide range of subjects. The University also has access to 72 Mbps Pakistan Educational Research Network (PERN) facilities, E- Library, OPAC mini labs, HEC digital library as well as International online Libraries and Journals. We have subscription of World Class Turnitin services for Plagiarism check.
The University of Lahore has always believed in organizing healthy cultural activities for local as well as International Students. The University of Lahore welcomes International Students from different countries and has in recent years attracted students from Palestine, Sudan, Yemen, Turkey, Syria, Somalia, Afghanistan, Nepal, Oman, Kingdom of Saudi Arabia, South Korea, Jordan, UAE and Uganda amongst others. Foreign seats are available in Degree Programs such as Medicine, Dentistry, Engineering, English language and Literature.

The University of Lahore operates a dedicated international office to facilitate our international students.

VISION
To increase the international student’s body and make the University of Lahore one of the leading private sector universities in Pakistan focused on accommodation, learning, skills, innovation and collaboration of the diverse international students.

MISSION
The International office is designed and dedicated to look after the international relations and accreditation of the University worldwide.

We look forward to provide maximum help to our international students including but not limited to receiving them from the airport, their accommodation, visa & residential permit process and follow up till they graduate. We endeavor to form very good memories of the University of Lahore during their stay in Pakistan.

Every year, The University of Lahore organized International Student’s Cultural Day for the students of different nationalities. Youngsters belonging to various countries and nationalities represent their culture and traditions at this event.

Students introduce their countries & traditions along with cultural performances in the event. Stalls at the event are also of great attraction to the guests and people. In April 2013, we saw successful event in shape of 3rd International Students Cultural Day.
Community service is not new to The University of Lahore (UOL). It has been at the forefront of providing emergency relief and rehabilitation during times of natural disasters since 2005. It was felt that the time was ripe to launch the relief program under a separate department to do all the philanthropic work and to execute the required relief plan. Thus UOL Relief came into being as a project of the University of Lahore. Headed by the Pro Rector Mr. Nasir Mahmood, UOL Relief has been able to reach millions of people in far flung areas ever since. We feel proud to say that the effort of UOL Relief is purely voluntary. The University staff and hundreds of students volunteers assist UOL Relief by volunteering their time, presence and logistics for the aid work. This enables us to focus the efforts and 100% of the funds for the relief work. This collective effort has made it possible for us to help the community in times of disaster.

1. **2005 EARTHQUAKE**
   - Rescue, tents, food, first aid to the affected families.
   - Construction of houses, follow-up medical camps

2. **ON GOING WORK**
   - Regular food program for the widows
   - Education support program for the orphans

3. **2009 IDP CRISES**
   - Food packages, clothes and tents for the displaced families.

4. **2010 FLOOD**
   - Rescue, food packages, tents for the affected families
   - Construction of houses in Rajanpur, Char Sada, Skardu, Gas Bala, Tattoo, Fari Meadows (Gilgit Baltistan Area)
   - Construction of Water Channel for irrigation and for household use
   - School & basic health unit in Tattoo

5. **SHELTER HOME 2012**
   The UOL Relief is dedicated and committed to salvage the plight of physically disabled orphans, abandoned and street children with the view of rescuing and caring for these afflicted, hopeless and disadvantaged children in the society. The main aim of the orphanage is to create a comfortable, conducive environment and dependable alternative family life and peaceful home for these socially and physically disadvantaged children in the society.
University College of Medicine & Dentistry offers one of the most forward-looking educational environments in Medicine & Dentistry in the country. Since its founding UCMD has been committed to excellence in education, research, patient care and community service. The educational system of UCMD is at par with the international education standards. The College is proud to produce professionals who possess the analytical capacity and the spirit of inquiry to deal with an ever-increasing knowledge base and rapid technological changes. By treating patients in the teaching clinics and through a variety of hospitals UCMD students understand not just how to apply science to practice, but how to employ compassion in the treatment of human illness.

The students of Medicine & Dentistry benefit from the University of Lahore’s commitment to interdisciplinary teaching, research and practice. Located in the heart of UOL; UCMD students benefit from resources and research breakthroughs provided by other disciplines of Health and Allied Health Sciences. The school is dedicated towards training doctors and dentists as expert clinicians with strong biomedical backgrounds. UCMD is operating with four hospitals with more than 1000 beds for the comprehensive patient care.

University College of Medicine & Dentistry is a state of the art institute recognized by Pakistan Medical and Dental Council (PM&DC). The college is recognized by WHO & Education Commission for Foreign Medical Graduates (ECFMG) USA. Its name is in IMED maintained by FAIMER.

UCMD prides itself as a place where facilities for students and patients are at their best, students are being taught and patients are managed by highly qualified academicians and clinicians. Teaching facilities, Laboratories, pre-clinical & clinical area, library and IT Centre has been designed in a way that students are milled to be at their best. So far 6 batches of doctors and dentists have passed out and are working in various public and private institutions in and outside Pakistan. There is a shift of paradigm from conventional teaching to problem oriented learning in this College that has lead students to grow in excellence in patient management. All basic and clinical department in medicine & dentistry are not only catering students’ needs but are effectively & efficiently managing the patient load with meticulous cross infection control measures.

The College of Medicine & Dentistry has its own “University Teaching Hospital” at Defence Road Campus, University Dental Hospital at Raiwand Road Campus while Al-Khidmat Hospital & Nawaz Sharif Social Security Hospital Lahore are attached with the University for the training of students in various clinical specialities. The Hospital is recognized by PM&DC for Housejob which are not only mentoring our own graduates but also graduates from other leading institutes of the country. We have an honour that we have been accredited for M.Phil/PhD programs by PM&DC & Fellowship Program in Oral & Maxillo-facial Surgery and Orthodontics by CPSP. UCMD is also recognized by Punjab Medical Faculty for Allied Dental disciplines. Co-Curricular activities have always been blended with the academic activities for healthy body mind & soul.

UCMD is your pathway to a fulfilling career in Medicine & Dentistry
University College of MEDICINE & DENTISTRY

Mission & VISION
The mission of University College of Medicine & Dentistry is to deliver highest level of education, training, ethics and morality to its undergraduate and post-graduate students and to provide them a platform to face the modern day challenges of managing personal, emotional, psychological and professional components of grooming. UCMD aspires to produce world class doctors, dentists, scientists, public health specialists, and other healthcare professionals. Through its faculty and affiliated clinical partners, the College provides service to its community in an atmosphere of excellence, scholarship and professionalism.

Undergraduate Courses OFFERED
Bachelor of Medicine & Bachelor of Surgery (MBBS)
Bachelor of Dental Surgery (BDS)
CHARACTER BUILDING SOCIETY
As guardians of this noble profession which at its roots is the deepest form of service to mankind, ideal doctors are consummate professionals with well rounded personalities and a high level of dynamism while bearing the herculean task of making split second life saving decisions on a daily basis, constantly seeking new heights, refining their skills, perfecting their methodology and evolving themselves as individuals in the process.

Vision & Mission
The CBS endeavors to infuse students with a deep sense of morals, honesty, discipline and professionalism. Making sure members are geared towards facing every challenge they encounter and become a model of excellence and a source of positivity and inspiration to all. Following are our goals:

- Imparting a deep sense of morality, values & responsibility
- Making students active members of their community and country at large.
- Bridging the gap between doctors and patients by teaching empathy and establishing a high standard of ethics and professionalism.
- Broadening the horizon for students, through proper guidance counseling and career orientation sessions.
- Providing the tools they need to be good clinicians, effective problem solvers and balanced individuals.
- Providing a medium for effective dialogue between students and teachers.
- Encouraging students to take part in extra Curricular activities.
- Enriching medical education with a strong stress on research work, field visits, seminars, a multitude of events and competitions.

EXTRACURRICULAR ACTIVITIES
The extracurricular activities include Annual Dinner, Class functions, Sports days and color weeks. There are also poster and debating competitions.

UCMD students were the winners of Clinical Case Presentation competition. Among the 20 table clinics from all across Pakistan UCMD students won the 2nd position. UCMD also bagged 3rd Position in Undergraduate Oral Presentation competition.
Students at UNIVERSITY COLLEGE OF MEDICINE & DENTISTRY

Ghulam Murtaza (President Character Building Society)
4th Year MBBS
As a former Beaconite and a gold medalist, I had applied to the US with the intention of doing a double major in Biology and Psychology, and was ecstatic when I got a prestigious acceptance with a 75% Scholarship. As fate decreed I couldn’t go. Despite my disappointment, I felt a need to redeem myself and UOL was just that, another chance at redemption! It provided me with an engaging environment & allowed me to grow outside my comfort zone, giving me countless opportunities to better myself as a student and a human being.

Danish Islam (US National)
4th Year MBBS
Arriving from Fort Collins, Colorado, I began my professional studies at UOL which was more importantly a journey to get in touch with my roots. The University proved to be a utopia of diversity with students coming together from all walks of life and from every corner of Pakistan. The induction of foreign students from Africa, Afghanistan, Syria and USA makes it a huge hub of cultural exchange and made my time here a truly unique experience.

Kinza Aslam
BDS
Choosing the correct Dental School was a difficult task, however after spending four years here I can proudly say that I could not have chosen a better college for my undergraduate program. Our batch has seen this place grow from a mere college into an institution with the best faculty, an extremely progressive environment and a hospital that provides quality treatment for all. My experience has been phenomenal and I hope yours won’t be any different.

Saleem Khan (Representative of Afghan Foreign Students)
4th Year MBBS
It is a difficult adjustment, leaving your home and family to study in a different country, One that makes you truly value the presence of family and loved ones. Thankfully, the teachers at Uol were warm and welcoming and their helpful attitude allowed us to overcome many struggles such as language barriers. We did not feel like outsiders for long, since the students here treated us like their brethren. My experience at Uol not only reaffirmed my own values and customs, it taught me completely new ones, improved my decision making & communication skills while making me a more confident and interactive person.

Muhammad Hassaan Saeed
BDS
My feeling and excitement cannot be assessed that how i am proud to narrate few words about institution. When I entered in this institution the education sector was not new to me but now i can say with confidence that this institution has built me up and steer more young fellows toward the success in today’s competitive world. Our highly qualified teachers are dedicated to give learning and personal attention to each and every student. The wish of professional success of every student is fulfilled with the contribution and attention of respected teachers. The object of this institution is to serve the humanity as a sacred cause.

Omar Kamal
3rd Year MBBS
We at the University of Lahore are as individual and as dynamic as the city we live in. Medical education at UOL is undoubtedly one of the best opportunities that is available to you for your undergraduate career. UOL is dedicated to nurture and stimulate inquisitive minds to produce graduates with innovative ideas, perspectives and approaches. With access to world-leading academics, superb learning resources and research facilities, we are guided every step of the way. Take a look at the opportunities we have at UOL and join us to make a difference.

Ruhamaa Arshad
BDS
These four years I spent in the UCMD just passed in a glance. I am glad that I have spent this time full of exquisite experiences. It has provided me with the best faculty of dental school and enabled me to learn and apply clinical skills to the finest level. Not only this, but has also given me opportunity to participate and win prizes in competitions on national platform. Now, this time in house job, University Dental Hospital is further helping me to enhance the application of knowledge on practical basis.
Bachelor of MEDICINE & BACHELOR OF SURGERY (MBBS)

INTRODUCTION
The University College of Medicine & Dentistry runs a five year course leading to the degree of MBBS. The first two years are spent learning the basic sciences through lectures, tutorials, practical work, seminars etc. From the third year students spend a part of their time in hospital attending outpatients, wards, operation theaters, lectures and demonstrations. Marks earned during this work count as internal evaluation, and form part of the performance in the annual examinations.

Introduction

University College of Medicine & Dentistry offers an excellent education for a career in dentistry. The curriculum is forward-looking and innovative. The program is designed to graduate a doctor of dental medicine who will be prepared to practice general dentistry as it is expected to evolve in the years ahead, to produce teachers for the next generation and finally to produce specialists with the highest level of competence & professionalism, who can cater patients from different dental domains. Faculty teaches not only problem-based but clinical & research-based dentistry to undergraduates using interactive sessions, seminars, journals club meetings and case discussions. Class tests, practical examinations and patient-centered examination are conducted throughout the year for student training & preparation for final examination so that they can serve as a useful professional academician, clinician or researcher effectively & efficiently. At the end of each calendar year professional examinations are conducted by teams of internal and external examiners. A minimum of 75% attendance and 100% clinical quota as recommended by PM&DC is basic requirement for appearing in the professional examination.

Pakistan Medical & Dental Council recognised by PM&DC

Admission Requirements as laid down by PM&DC

Passed 1st year BDS

Passed 2nd year BDS

Passed 3rd year BDS
EXAMINATION B.D.S

UNIVERSITY EXAMINATIONS

(a) 1st Professional BDS
Examination will be held at the end of the first year.

(b) 2nd Professional BDS
Examination will be held at the end of the second year.

(c) 3rd Professional BDS
Examination will be held at the end of the third year.

(d) Final Professional BDS
Examination will be held at the end of the fourth year.

(e) House Job Assessment Examination
House job assessment examination will be conducted after completion of house job and a completion certificate will be issued as per PM&DC regulations.

The subjects to be examined in first, second, third and final professional, BDS University examination:

1ST PROFESSIONAL (1ST YR)
- Anatomy
- Physiology
- Oral Biology & Tooth Morphology
- Biochemistry
- Islamiat & Pakistan Studies

2ND PROFESSIONAL (2ND YR)
- Pharmacology
- General Pathology & Microbiology
- Science of Dental Materials & Preclinical Competence
- Community Dentistry
- Behavior Sciences & Communication Skills
- Dental Pharmacology

3RD PROFESSIONAL (3RD YR)
- General Medicine
- General Surgery
- Oral Pathology
- Periodontology
- Oral Medicine & Clinical Competence

4TH PROFESSIONAL (FINAL YR)
- Prosthodontics
- Oral & Maxillo-facial Surgery
- Operative Dentistry
- Orthodontics
SIRAJ-UD-DIN SCHOLARSHIP

To encourage the bright students of UCMD a merit scholarship is started from academic year 2013-14. The amount will be distributed among top three students of all classes of UCMD and the best graduates of the academic sessions.

The distribution is as follows:

Teaching Hospitals

University Teaching Hospital
The University Teaching Hospital is a 230 bedded Tertiary Care Teaching Hospital having state of the art facilities for medical treatment, medical teaching and scientific research located at Defence Road Campus Lahore. The ideal location of hospital provides an easy access to medical students as well as patients. The hospital occupies covered area of 132201 Sft. It is equipped with fully functional Emergency, Medical, Surgical & Pediatric ICU, Operation theatres and Outdoor & Indoor services providing latest medical, obstetric, gynecological, pediatric, surgical, orthopedic, mental health, neonatal, allied health, anesthetic, physiotherapy intensive care services to the community round the clock. The hospital has invested at large-scale advanced medical treatment equipment, such as: MRI scanner, CT scanner, Digital x-ray machine, advanced cardiac monitor, ELISA, PCR, etc. At University Teaching Hospital, we are committed to provide the best possible option for diagnosis of diseases and management of patient care. We are striving to provide highest standards of clinical care for all kinds of patients. Moreover following two teaching hospitals are also affiliated with the University College of Medicine & Dentistry:

Nawaz Sharif Social Security Hospital
650-bedded Nawaz Sharif Social Security Hospital having all the specialties represented in the MBBS & BDS curriculum along with a number of other specialties including cardiac surgery. The hospital is a tertiary-care facility receiving patients from all over Punjab. Its 13 operation theaters are well provided with modern equipment and instruments. The laboratories have facilities for all kinds of modern tests. The departments concerned with imaging are equipped with ultrasound including echocardiography; x-rays, CT scans, angiography; and all the different kinds of endoscopes. For patients requiring critical care, intensive and coronary care units (ICUs and CCUs) and nurseries are available.

Al-Khidmat Hospital, Lahore
The Al-Khidmat Hospital, Multan Road is a 170 bedded Teaching Hospital having state of the art facilities for medical treatment, medical teaching and scientific research. It is equipped with fully functional Emergency, Medical, Surgical & Pediatric ICU, Operation theatres and Outdoor & Indoor services providing latest medical, obstetric, gynecological, pediatric, surgical, orthopedic, mental health, neonatal, allied health, anesthetic, physiotherapy intensive care services to the community round the clock.

University Dental Hospital
We have fully developed department of Dentistry which includes diagnosis, treatment, implanting, replacement of missing teeth, crown bridge, and surgical procedure of all kinds under local and general anesthesia. We have an up to the mark department of Community Dentistry which involves school of dental education and lady health workers. All types of dental treatments are provided at very subsidized rates. We are receiving about 100 outdoor patients every day, who are provided one of the best and state of the art dental treatments. The University of Lahore has fully equipped 115 dental units, which are divided in to eight specialties with highly qualified dental faculty. The dental faculty of The University of Lahore is one of the best in Pakistan.
**INTRODUCTION**
The Degree program fulfills all the curriculum requirements for MPhil Degree programs as recommended by PM&DC, Higher Education Commission consisting of compulsory, core and allied courses. The students are required to complete 24 credit hours of courses in the first 2 semesters and conduct research & remaining 12 credit hours complete in the next 2 semesters. Before starting research, the students have to pass Comprehensive Exam as required by HEC. All students are required to pass GAT examination conducted by National Testing Service (NTS). Admission test will be held by the Institute.

**COURSES**
- Advanced Biochemistry
- Recent Trends in Immunology
- Advanced Heterocyclic Compounds (EC)
- Advanced Clinical Biochemistry
- Techniques in Biochemistry
- Advanced Toxicology (EC)
- Biochemistry of Cell Signaling & Transduction (EC)
- Research Thesis

PhD COURSES LIST

NOTE: The Panel of PhD Supervisors will propose four taught courses from the following lists.

PhD BIOCHEMISTRY

- Advanced Biochemistry
- Recent Trends in Immunology
- Advanced Heterocyclic Compounds
- Advanced Clinical Biochemistry
- Techniques in Biochemistry
- Advanced Toxicology
- Biochemistry of Cell Signaling & Signal Transduction
- Metabolic Pathways
- Nutritional Biochemistry
- Advances in Enzymology
- Natural Products 3: Extraction & Analysis
- Advances in Endocrinology
- Research Reading I
- Research Reading II
- Research Thesis

PhD MICROBIOLOGY

- Advanced Microbiology
- Microbial Genetics and Diseases
- Medical Microbiology
- Microbial Biochemistry and Physiology
- Techniques in Microbiology
- Food Microbiology
- Advanced Virology
- Molecular Immunology
- Microbial Biotechnology & Vaccinology
- Cell and Tissue Culture
- Genomics, Transcriptomics & Proteomics
- Cell Signaling and Signal Transduction
- Research Reading I
- Research Reading II
- Research Thesis

PhD PHYSIOLOGY

- Advanced Physiology
- Advances in Endocrinology
- Cell and Molecular Physiology
- Advances in Neurophysiology
- Physiology of Reproduction
- Cell Signaling & Signal Transduction
- Recent Trends in Neurosciences
- Physiology of Sports and Exercise
- Nutritional Biochemistry
- Cancer Biology
- Cell & Tissue Culture
- Forensic Sciences
- Research Reading I
- Research Reading II
- Research Thesis

Diploma in MEDICAL RADIOLOGY & DIAGNOSTIC (DMRD)

INTRODUCTION
The aim of two years Diploma program in Medical Radiology is to equip medical graduates with relevant professional knowledge and skills to enable them to apply their acquired expertise at primary & secondary health care organizations & to provide necessary manpower in rapidly expanding fields of Radiology nationally & internationally in an attempt to bridge widening gap between demand & supply.

Career PROSPECTS
This degree is recognized from PM&DC and designed especially for Physicians only who wants to excel their career in the field of Radiology. This Degree will provide professional skill to them and Physicians will be in a position to get better jobs as a “Radiologist”.

Master of Science in MEDICAL EDUCATION (MME) – 2 YEARS

INTRODUCTION

Those who require a deep understanding of educational theory, research and practice, for assuming leadership roles in educational development and administration of medical institutions must do Master of Science in Medical Education. MME aims at producing high quality health professions educationists, capable of leading the rapidly changing educational scenario of Pakistani health professions educational system.

The programme strives to equip medical colleges, nursing colleges and other health professions education institutes with high quality educationists who can respond to the educational needs of these institutes.

The programme focuses on a variety of educational issues such as curriculum development, teaching and learning, assessment methods, professionalism, quality of education, leadership and management of educational institutes in a constructivist environment to impact the educational skills of the candidates & make them educational leaders and agents of positive change. The programme primarily consists of face to face teaching and learning component and tutor marked assignments. Face to face teaching is done in six contact sessions (each consisting of ten days), spread over 18 months. Candidates are required to do essential reading and work on their assignment during the interval between the contact sessions.

Career PROSPECTS

After graduation the candidates can work fulltime in the health professions education departments of the educational institutes and lead and manage the educational system in large number of educational institutes in the country. Candidates with educational qualification get preference in promotions.

INTERNATIONAL HEALTH (M.Sc-IH) 2 YEARS

INTRODUCTION
Master in International Health (M.Sc-IH) is a two year post-graduate, professional degree program comprising of 4-semesters. The first three semesters will be dedicated to course work and the last semester is assigned for Practicum (on Job assignment) and dissertation writing/research. M.Sc-IH is an interdisciplinary degree designed to prepare students across a wide range of subject areas to explore the complexity of International Health issues. The program is designed to understand in-depth knowledge of epidemiology, biostatistics & health policy and planning, environmental health, communicable and non-communicable diseases etc., and their application in analyzing the major international health issues.

Career PROSPECTS
The predominant aim is to provide opportunity to the participants to acquire essential knowledge and skills, transform knowledge into evidence base practice through creative and innovative research, and to disseminate acquired knowledge to the public, health providers and policy makers.

**Fellowship in ORAL & MAXILLO-FACIAL SURGERY &ORTHODONTICS (FCPS)**

**INTRODUCTION**

University College of Medicine & Dentistry is not only imparting undergraduate training rather it has its own fellowship Program. Fellowship program is a full time 4-years structured training program which follows entire guidelines provided by College of Physicians and Surgeons Pakistan. The outstanding clinical education program, featuring patient-centered problem based learning gives it an edge over the programs conducted in the other institutes of the country. Each program is run by the senior faculty members who have carved the training standards keeping in view the standards of quality followed at the international helm of education and have established a liaison with the renowned clinicians of the country to provide the utmost health care facilities to the patients through our own state of art Dental Hospital and the affiliated teaching hospitals. University College of Medicine & Dentistry is recognized by the College of Physicians and Surgeons Pakistan (CPSP) for conducting Fellowship programs in the disciplines of Oral & Maxillofacial Surgery and Orthodontics. Our mission is to produce high quality Specialists by inducing professionalism in them through knowledge, psychomotor skill and ethics so that they can be an asset for the society with the aim that they bring pride and honor to the institute and the country not only at national but at international levels.

NOTE: No application for admission will be considered unless completely made out on the prescribed form.

Selection
The Admission Board will select the candidates. The Chairman of the Admission Board will preside over the interviews and selection meetings. The decisions of Admission Board in respect of selection and admission shall be final. The office will prepare the merit list of candidates. The Chairman Admissions shall be competent to rectify to errors or omissions found in the merit list or selection of candidates.

Rules & Policies
• Admission will be closed after a lapse of one month. No student will be considered to have been admitted to the college unless he/ she paid the college fees and other dues in full.
• If a student who is admitted into the first year MBBS/BDS class of the medical college because of his/her having paid the college fee etc., continuously absents himself/herself from the beginning of the first term of the college session for a period of four weeks without any genuine reason, his/her admission will be cancelled and the seat may be filled by the Chairman Admission Board on the basis of merit as per rules.
• If a student fails vacant, the next candidate on merit in that category will be selected.
• If any vacancy occurs as a result of a candidate having been struck off the college roll on account of securing admission by fraudulent means, it will be filled to safeguard the right of the next person on merit list up to the end of the first year class.
• The Admission Board may refuse admission to any candidate who seems, for reason to be recorded in each case at the time of interview, to be unsuitable or unlikely to become a good doctor.
• The Admission Board will verify F.Sc certificates and other certificates submitted by the candidates as early as possible from the concerned Board/ University/Authority. The students whose certificates/documents are found incorrect or wrong in any way shall not be considered for admission and if admitted, their admission will be cancelled without any notice.

Registration & Enrollment
• Each successful applicant will be issued “Admission Letter” by the concerned department.
• After completing admission formalities and having paid the dues the applicants will be registered as bonafide students of UCMD.
• At the time of registration the applicants will be required to submit their original certificates, which will be returned to the student at completion of degree.
• The applicants will be allocated the University Registration Number and will be issued the University Registration Card by the Registrar Office. This will allow the students to get enrolled in different courses offered by the concerned departments.

Note: The rules may be subject to change without prior notice.
UCM RDULES (Cont.)

Re-Admission
- A student can be readmitted in a course within 5 years of clearing the previous professional examination.
- The validity of examination for the readmitted students is 3 years.

FEE POLICY
- The Tuition Fee shall be charged annually on year to year basis only and at the beginning of each year. Students repeating the year shall be charged 25% less for one year only and after that full yearly fee shall be charged as per PM&DC rules.
- All students, except the newly admitted, must pay fee by the stipulated date or any other as may be fixed by the Dean / Advisor Finance for the purpose.
- If the fee is not paid by a specified date, defaulting student’s names will be struck off from the college rolls. Re-admission will be allowed on payment of re-admission fee of Rs. 50,000/- in addition to the college fee and other dues. A student’s name will not be entered in the attendance registers unless he/she has paid the fee. The University will determine fee and subscription of the college every year. Dues once paid by the students are not refundable at any stage. Fine of Rs. 500/- per day will be levied on late payments.
- The examination fee will be announced by the University and separate fee will be charged for annual and supplementary examination.

Refund of Fee
- If the student wishes to leave the institution and does not join classes after commencement of the classes then there shall be a 100% refund of all deposit fee except for the one time registration/admission fee. If the student wishes to leave the institution within two month of joining or commencement of classes, there shall be 50% refund of all deposited fee and if the student wishes to leave the institution after two months of commencement or joining classes then there shall be no refund.
- Admission and other dues will not be refunded to a student whose admission is cancelled due to his/ her fabricated or false documents, or who is rusticated/ expelled/ removed from the college roll for any reason.

Fee Policy
- Tuition fee etc. shall not be refunded.

The fee shall be paid on the dates as notified from time to time.

A Student will be automatically de-registered if he/she fails to clear the dues within two weeks after the notified date.
Attendance regulations
- 75% attendance is mandatory for all students independently in lectures and practicals
- No relaxation of attendance will be given to students appearing in supplementary examination
- 75% attendance rule is also applicable to detained students.

Internal Assessment
Major weightage will be given for internal assessment in UCMD.

Supplementary Examination
Supplementary examination will be held 40 days after declaration of the result of annual examination. Separate examination fee will be charged for supplementary examination.
If a student fails to clear the examination in supplementary he/ she will have to repeat the entire year and re-sit the next annual examination in that particular subject and if required follow by supplementary.

The Award of Degree

- Any student who fails to clear Second Professional Examination in four chances availed or unavailed and has been expelled on that account shall not be eligible for continuation of Medical/dental studies of the MBBS and BDS and shall not be eligible for fresh admission as a fresh candidate in either MBBS or BDS.
- Any student who fails to clear the final examination successfully the students not present at the convocation shall be issued to them on payment of the prescribed fee.

The degree may be issued to a successful student before the convocation on payment of prescribed fee.

Merit certificates will be given to students who achieve excellence in academics. These will include
- Best graduate certificate
- Position certificates
- Distinction certificates
- A temporary course grade “I” is

GPA = Sum (Points Earned in Course) / Sum of Credit Hours
Numerical Value of Grade
Earned x Course Credit Hour

A: 85-100 % 4.00
(B) 75-79 % 3.50 (Excellent)
C: 60-64 % 2.00
D: 50-54 % 1.00 (Poor but not fail)
F: Below 50% 0.00 (Fail)
I: Incomplete
W: Official withdrawal
The Chairman BOG/Rector will fee 500/- per course.

Warning
Whenever the CGPA of a student is less than that prescribed above the Head of the Department will issue warning to him/her and place him/her on probation.

Cancellation of Admission:
The admission of students who, after having been placed on probation, fail to make good standing in next two consecutive semesters, will be cancelled.

Appeal against Cancellation of Admission
A student can appeal against cancellation of his/her admission on academic grounds. In such case the department has the discretion to recommend status to the Rector whether or not to change the applicant’s admission from Cancellation to Continuation on probation for an additional semester by considering the applicant’s commitment to studies and other relevant academic factors.

Time Limit for Course Drop
(a) A student can drop a course only within first two weeks of the commencement of semester with carry forward of fee already deposited. After this period no carry forward on the fee paid for the subjects will be allowed except for circumstances enunciated in sub Para (b) below.
(b) Dropping of a course within two weeks of commencement of semester is allowed in exceptional circumstances, like; clash in the time table or for reason of sickness beyond one’s control and duly certified by a registered medical practitioner.

Course Drop or Semester Freeze
Due to unforeseen circumstances and personal situations beyond student’s control, he may be allowed to drop course(s) or freeze the semester as per following conditions:
(a) If the course(s) are dropped or semester freeze is applied within two weeks of the commencement of semester then no dues will be charged and if the fee has been paid, the same shall be adjusted in the next semester.
(b) If the student is not enrolled and applies for semester freeze within two weeks of commencement of semester then no fee will be charged.
(c) In case the student is not enrolled in that semester and applies for semester freeze after two weeks till the end of that semester then semester freeze fee of Rs. 5000/- will be charged.
(d) In case the student does not apply for semester freeze within that semester then he/she shall deposit semester freeze fee of Rs. 10,000/- per semester.

Award of Degree
1. A minimum CGPA of 2.00 without any “F” grade for the total semester of a degree program shall be required for the award of degree. Each student shall also be required to (3) complete laid down duration, pass number of courses as prescribed by respective department (2) clear all dues and that (3) has no disciplinary action is pending against him/her.

Miscellaneous
1. Not withstanding anything to the contrary contained in these rules, no student shall be admitted to an examination after the expiry of seven academic years. Provided that a student who obtained by a student in each is admitted directly to a higher class in the university, the period already spent by him in studying the relevant discipline shall be excluded from the aforesaid period.
Students are expected to demonstrate ethical and moral values up held by the University. For this purpose student(s) will be required to observe disciplinary rules framed by the Board of Governors of the University. A copy of these rules can be obtained from the Office of the Registrar. While filling in application form, the student(s) are required to sign an affidavit that they will maintain discipline as required under the discipline rules. The affidavit form is a part of the application form. In case of breach of discipline on any account specified in the discipline rules, the matter will be reported to the “Discipline Committee", for the final decision in accordance with the norms of justice and keeping in view the evidence available thereof.

GENERAL DISCIPLINE RULES FOR STUDENTS

7. The applicant shall have to furnish a written undertaking in the prescribed form from his/her parents/ guardian holding him/her responsible for payment of Hostels dues in case his/her ward fails to make the payment.
8. Residents shall sign a receipt of Hostels property/assets in their rooms and shall be responsible for any loss or damage thereto.
9. Residents shall strictly abide by all the rules of discipline, conduct and regulations that may be enforced in the Hostels from time to time.
10. Residents shall sign a receipt of Hostels property/assets in their rooms and shall be responsible for any loss or damage thereto.

**Hostels Fees**

- Applicants are supposed to deposit Rs. 8,000/- per month up to 10,000/- and registration fee 5000/- non-refundable at the time of admission.

**Conduct & Discipline**

The following in addition to rules of conduct which may be prescribed from time to time shall constitute acts of indiscipline and violation of Hostels discipline for which action may be taken against the Hostels resident(s) concerned by the officers as prescribed in clause 1:

1. Keeping firearms and other lethal weapons or any other material not necessary for academic pursuits in the Hostels.
2. Keeping unauthorized persons in the room/seat allotted to a resident.
3. Shifting to a seat/room other than the one allotted to the resident without prior permission of the Allotment Committee.
4. Sub-letting the room/seat allotted to the resident or any other room lying vacant due to any reasons.
5. Non-handing over vacant possession of the room/seat at the end of the period for which allotment was made.
6. Non-payment of Hostels dues during the period of the year for which allotment was made in the Hostels.
7. Keeping or making use of illicit drugs or other intoxicants, not including drugs prescribed by authorized medical attendants on account of any illness suffered by the Hostels resident.
8. Keeping electric appliances such as refrigerator, air conditioner, television, oven, burner, heater etc., in the room. If a Hostels resident wishes to have an air-conditioner, she will be charged at the prevalent electricity rates.
9. Engaging in any immoral or agitational and violent activities or creating nuisance or disturbing the peace and tranquility in the University campus.
10. The parents/guardians cannot see the students in their rooms except the designated places.

11. Causing willful damage and/or causing damage by acts of vandalism, removing or damaging Hostels or University property.
12. Barricading stairs, corridors, gates and other area in the Hostels campus of general use.
13. Staging sit-ins, lockups, occupying Hostels wardens or other administrative offices.
14. Use of abusive languages towards other residents and/or University authorities and employees.
15. Use of Hostels rooms or premises for group parties, political assemblies and for purposes other than those for which they are meant.
16. Inviting outsiders to address Hostels residents is strictly prohibited.
17. Pasting of posters/chalking on Hostels or other campus buildings, premises or compound walls or any portion thereof.
18. Inciting parochial, linguistic, sectarian or religious feeling among Hostels residents.
19. Staying away from the Hostels premises after 8 p.m. in the Winter and 9 p.m. in the summer in the absence of prior permission from Hostels authorities is not allowed.
20. Late comers or those leaving the Hostels early will be required
to sign the register at the Hostels gate or reception stating the reasons for late coming or early departure.

21. The Hostels authorities shall reserve the right to search the personal belongings and baggage of the residents at the time of entering the Hostels or while residing in the allotted accommodation.

22. Cooking in the Hostels rooms is strictly prohibited.

23. The University administration is not responsible for the loss of any property of the Hostels residents.

24. All damages will be repaired at the expense of the boarder responsible.
